The Bishop's Message

Holy Week is significant because of Our Saviour. Palm Sunday, Maundy Thursday and Good Friday have value and meaning for us because of Jesus Who is the Divine Son of God. When you read in the Gospels' as I trust you will each day during Holy Week, you will note what a large proportion of the Gospel Story is devoted to the passion and death of Our Lord. Beginning with the arrival of Jesus and His apostles at Bethany through Holy Week, Good Friday and Easter Day the story takes up more than one-third of the Gospels, and one-half of the Gospel according to St. John. The center of the Gospel is Jesus Christ and Him crucified.

No one can follow the Saviour through the last days of His earthly life without realizing that over and over again the events of Holy Week are repeated in human experience.

We can see ourselves in the light of that great historic event. There are times when our minds merge with the crowd and our devotion is as superficial as the devotion of the Palm Sunday mob.

(Continued on Page 3)

O Christ, the Master Carpenter, who at the last, through wood and nails, hast wrought man's whole salvation, use well these human tools of Thine. We pray Thee that we who come to Thee rough hewn may now be fashioned into a truer beauty by Thy hand, Who livest and reignest, one God forever and ever.

AMEN

St. John's-in-the-Wilderness Becomes an Organized Mission

St. John's-in-the-Wilderness at St. Johns in the Town of Haverstraw in Rockland County on February 19, became an Organized Mission by action of the Bishop with the approval of the Board of Managers of the Diocesan Missionary and Church Extension Society and the Dean and Council of the Ramapo Convocation.

The Mission is located on the mountain west of Haverstraw about 1250 feet above sea level. Its stone church, parish hall and rectory wing were built in 1886 as the gift of Margaret E. Zimmerman. Members of the Mission are mostly residents of the sparsely settled mountain area, but the Church is widely known among the thousands of campers and hikers of the adjacent Palisades Interstate Park.

The Reverend George W. Dumbell, dean of the Ramapo Convocation and Rector of the parishes at Arden and Highland Mills, is the Vicar.

The members of the Advisory Board elected by the congregation are: Levi Babcock, John Bell, John Pattison, Clarence Conklin, George Dutcher, Edward Wood and Lawrence Luther.

The Bishop's Message

(Continued from Page 1)

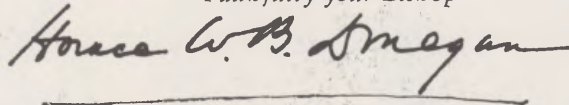

There are times when like Pilate, we fail to make decisions and play safe and thereby permit good causes to go down and the highest ideals to be crucified. There are times when we are as disappointing as were the friends of Our Lord who promised allegiance and in the hour of testing forsook Him and fled. We must not view the scene as something that happened long ago but as contemporary history.

Let us observe Holy Week in a spirit of penitence and humility. Then it will be a time of spiritual challenge and renewal, sending us on to our tasks with a new understanding of God's love, a new vision of our duty, leading us into a life of deeper dedication, of service, and of faith in God, and new fellowship with Christ. And Easter Day will bring a fresh realization that God who raised up Jesus from the dead will lead us, if we trust Him, through life and through death, undefeated and unafraid.

No one can follow the way of the crucified without being strengthened for the trials and tribulations of life.

We are part of the tragedy of Holy Week and Good Friday but through God's redemption we can experience the triumph of Easter Day.

Faithfully your Bishop

Failure of Parishes to Meet Quota Cuts Church's Program

The Bishop in letters to the clergy has expressed his concern that the total amount which the parishes and missions of the Diocese estimate will be contributed for the Program of the Church in 1951 is less than was given in 1950.

To illustrate the affect of this situation on Diocesan Agencies, he sent the following statement and asked that vestries make special plans to enable their parishes to meet their quotas.

Diocese Cutbacks

Our Seamen's Church Institute for its chaplaincy service alone will receive only a little more than one-third of the amount required. We are not asked to give towards its other work.

The Church Mission to Deaf Mutes will receive about 40% of the amount it needs to maintain its home for 21 aged deaf persons, an institution unique in this area and one with very limited endowment. These people cannot be transferred to other homes and many of them have no living relatives.

The principal help needed from the Church by the City Mission Society is support of its chaplaincy service in institutions. Public and private hospitals seeking the ministrations of our clergy have to be refused for our lack of support. We will fail this year by 50% to meet the cost of our present chaplaincy service without expansion.

Five other services — The Board of Religious Education, the Commission on Christian Social Relations, the Diocesan Commission on College Work, the Girls' Friendly Society and the Youth Consultation Service—will receive about two-thirds of the amounts required; the Episcopal Service to the Aged about 80%. This will necessitate drastic curtailment of present programs, with the possible elimination of some phases.

The Diocesan Missionary and Church Extension Society faces a reduction of 15% in its appropriation. This is the corporation organized to extend the Church in the Diocese, to maintain it where it is weak

and to nurture growing missions until they can attain self-support and parish status. It must have funds to provide adequate clergy stipends and allowances or it cannot maintain the standard of work which will produce strong and virile parishes. Without the funds it seeks, it cannot extend the Church to any newly populated area or give support to any work faltering under changing community conditions.

National Program Limited

The estimated lower giving in the Diocese likewise will affect the program of the National Council which has issued the following statement:

We members of the National Council are happy to report to the Church the progress made on the increased budget during the first year of this triennium. Although cuts of \$668,000 were necessary to bring the budget adopted by the General Convention within expected income, the general program of the Church is moving definitely forward, especially in the development of the program of the Department of Christian Education.

It is already obvious that the Army and Navy Division will need an additional \$100,000 for 1951 and probably more than twice this amount for 1952, in order to discharge increasing responsibilities to our men in the Armed Forces. Created by present critical world conditions, other emergency expenses are already beginning to develop. To continue in 1952 the expansion of the program of Christian Education which will be made in 1951, \$30,000 will be needed; and an additional \$20,000 is required to meet more fully, during the next two years, our responsibilities for the interdenominational program of the National Council of the Churches of Christ. For these essential needs we have set up a reserve of approximately \$436,000. The alternative to having these reserved funds available for emergency needs which are arising would be a special campaign. This we wish to avoid if possible in order that we may give our primary effort to increasing the regular giving of the Church until the budget adopted by the last General Convention is fully covered.

In setting up the budget for 1951 we have had available approximately \$100,000 in expectations over last year. This and other additional funds are being used to expand further the program of Christian Education, to meet the increased cost of living for missionaries in foreign fields, staff members and employees, to provide social security, to appropriate an additional \$50,000 for World Relief and Church Cooperation over the reduced appropriation for last year, and to meet the special

(Continued on Page 4)

Failure of Parishes to Meet Quota Cuts Church's Program

(Continued from Page 3)

expenses occasioned by moving missionaries in the Orient.

It is encouraging that the Every Member Canvass of 1950, which combined the two campaigns held in the first year of this triennium, resulted in increased expectations of \$100,000. While some Dioceses have met or exceeded their quotas, others have much still to do to give their full share of the Church's budget. We must keep constantly in mind that the Church has still not reached by \$600,000 the level of giving which was anticipated by the last General Convention. But we are profoundly thankful for the very real progress that has been made. All of us must continue to increase our support of the Church's program in order to achieve the goal.

Our Responsibility

The share of the 1950 budget of the National Council apportioned to the Diocese of New York was \$591,481. Our payment against this apportionment was \$378,977, the largest payment ever made and the largest of any Diocese in the Church, but still \$212,504 less than asked of us. This difference represented about 30% of the amount the National Council had to curtail its work.

Manhattan Clergy Hear Story Of Progress of Social Study

On the invitation of the Bishop, the clergy in charge of Manhattan parishes and missions gathered in the Cathedral House on February 26th to learn of the progress made to date and the steps to be taken in the future with regard to the Social Research Study.

The Bishop opened the discussion. He urged cooperation with the Convocation Committee in charge and spoke of his confidence in the Study as a guide for parish and diocesan planning. The Bishop particularly emphasized that the purpose of the Study was not to decide what parishes should be closed, but how existing parishes could be strengthened and where new parishes should be established.

The Reverend John A. Bell, Rector of the Church of the Incarnation and Chairman of the Convocation Committee on the Study, said that with the proper cooperation the Study could make the Convocation a functional part of the life of the Diocese. He said that while the initial Study itself would be completed this year, to be of value it must be "securely anchored and kept up to date".

The Reverend Herman A. Berngen, Vicar of St. Augustine's Chapel of Trinity Parish, illustrated by reference to a similar study made for the Diocese of Chicago, the many phases of the Study which will provide for parishes the social picture of its community and the changes which have occurred during the last 30 years.

Others participating in the discussion were Bishop Boynton, the Reverend Paul C. Armstrong of St. Thomas Chapel; the Reverend Shelton Hale Bishop of St. Philip's Church; the Reverend Dr. Arthur L. Kinsolving of St. James Church; Reverend Richard E. McEvoy of St. Mark's-in-the-Bouwerie; the Reverend Arthur C. Moore of St. Luke's, Edgecombe Avenue; the Reverend Dr. James A. Paul of Holy Trinity Church; the Reverend Dr. Louis W. Pitt of Grace Church; and the Reverend Paul

C. Weed, Jr. of St. Luke's Chapel, Trinity Parish.

The sense of the meeting was that the Study should be the major activity of the Convocation and that its importance should be stressed at the Annual Meeting of the Convocation, at which full attendance of lay delegates would be urged.

Missionary Quota for 1951 Includes Our World Relief

Many people who have given generously to "World Relief" during the past few years have inquired why the Church has made no special "Presiding Bishop's Fund for World Relief" appeal this year. The treasurer's office reports the reason is that \$450,000. for World Relief was included in the regular budget of the National Council.

Persons wishing to make designated gifts for World Relief may still make such gifts through the parishes and they will be credited against parish missionary quotas.

Some parishes have made special appeals for this objective and such appeals are encouraged, despite the fact that no special appeal on a national or diocesan basis was made.

The full payment of parish quotas would insure that this item of the budget would not be cut.

How "Supply" Is Supplied with Supplies

Supply has clothed.

ASSEMBLY-line sorting prepares the unsewn individual garments for bundling.

END of the day sees the bundles of garments to be sewn on their way to the parishes who will complete the job and forward the finished garments on to those who requested them.

Auxiliary Supply Is Christ's Hands to Clothe the Naked

Man needs clothing, whether an Eskimo on the frozen Alaska tundra, or a Liberian mother leading her children along a hot dusty backcountry road, or a Puerto Rican family in a tropic over-crowded wayside village, or an Indian girl who wishes to make her first communion in the Church of the Good Shepherd at Fort Defiance, Arizona.

And the Woman's Auxiliary to the National Council Supply Department is the Church's way of extending Christ's hands to meet that need.

Under the inspired leadership of Mrs. Arthur J. Simpson, vice-president of the Diocesan Auxiliary and Chairman of the Diocesan Supply Committee, a well-organized team of workers has kept a steady flow of new clothing, used clothing, knitted garments, surgical dressings, sheets, blan-

kets and pillow cases, and layettes flowing out to the four corners of the earth.

The tabulation below, while only reported in dollars-and-cents value gives some idea of the extent of that service during 1950.

And every penny's worth of clothing that was sent out had been requested.

It begins this way.

The vicar of Galilee Mission, Creswell, North Carolina, for example, requests four layettes, two dozen boys polo shirts, six pairs of overalls, six girl's dresses, a dozen pairs of pajamas, a dozen blankets, two dozen sheets, twenty towels and adult used clothing for a group of share-cropping families who have been burned out.

The request comes to the National Council Woman's Auxiliary who allocate the request to the Diocese of New York

branch. When the request is received by Mrs. Simpson, the Supply Committee goes to work.

Mrs. Leah Uncio, as storekeeper, takes the uncut cloth from the shelves. These bolts of material have been bought at wholesale. The material is then laid out in several thicknesses and patterns traced by Mrs. Lydia Bailey and Mrs. Laura Greenidge.

When the material is in order, Mrs. James Patterson does the cutting with an electric cutter.

Finally, through an assembly line process, the individual garments are collated and bundel together according to the parish to which they are to be sent for finishing. The parish doing the finishing pays the cost of the wholesale material.

Others who regularly assist are Mrs. Frederick W. Dillingham, vice-chairman of the committee who pinch-hits at all jobs, and Mrs. Marjorie Woodman who is in charge of layettes.

Mrs. Robert A. West does the unique job of buying items at wholesale which cannot be made by hand.

Mrs. Simpson said that her team could ship twice as much material to the parishes if the local Auxiliaries were willing to accept more assignments. "We need more Churches willing to sew," said Mrs. Simpson. "And we need more persons to help parochially so that each parish can double its output."

"Through the Supply Department, parishes are enabled to buy more cheaply, and to send more garments than if the purchasing and cutting was done in individual church work rooms; or if all garments were bought locally ready-made," she said.

All workers are volunteer.

At the end of the work year, in June, each parish accounts to the district secretary on the work completed and shipped. In turn, each district secretary reports to the Diocesan Supply Committee so that each request which has been forwarded to a parish is assured of being filled.

District secretaries are: Bronx, Mrs. D. Miller; Dutchess, Florence L. Beekman; Hudson and Ramapo, Mrs. Peter Cantline; Manhattan, Evening Branches, Mrs. James A. Musgrave; Lower Manhattan, Mrs. Ralph E. Herendeen; Richmond, Miss Madeline J. Bang; Westchester, Harlem, Mrs. David B. Porter; Hudson, Mrs. Fred Lander.

Men and boys of Diocese Make Corporate Communion Feb. 22

In Richmond, the Bronx, Westchester, and Manhattan, George Washington's Birthday, Feb. 22, was the occasion for the men and boys of the Diocese coming together for a corporate communion and breakfast.

Approximately 275 men and boys of Richmond made their 8 a.m. communions at Christ Church, Richmond, in their eleventh annual service. The Rev. Bernard A. Hemsley, rector of St. Andrew's, Richmond, the host parish, was the celebrant, assisted by the Rev. Andrew C. Long, rector of Christ Church, and the Rev. Raymond G. Rodgers.

At a breakfast, prepared by the women of St. Andrew's, William T. Kirk, member of the Standing Committee of the Diocese of Newark, one of the laymen trained by the National Council to tell of the Church's program, discussed the work laymen can do in the church.

Mr. Kirk said the breadth of the national program of the Church challenges the best that the Church's best laymen had to offer. He cited George Washington as

an illustration of a consecrated layman.

The offering of \$162 was for St. Francis Boys Home at Salina & Ellsworth, Kansas.

The celebration and breakfast in the Bronx were at Holy Nativity where Bishop Boynton was the celebrant. Guest speaker at breakfast was E. Townsend Look, instructor at the General Theological Seminary.

In Westchester, All Saints', Harrison, was host to four of her neighboring churches, Ratje Meyer received reservations. The Rev. Fenimore E. Cooper was the speaker.

The Church of the Ascension, Man., conducted a "Community Day of Prayer for the Peace of the World" which began at 8 a.m. with the Holy Communion. Thereafter, upon each half hour, devotions were conducted by the various clergy and denominational ministers of Manhattan.

The day of prayer closed with a "great union service for the unity of the world." The guest preacher was the Rt. Rev. John I. Blair Larned, D.D., Bishop of the American Episcopal Churches in Europe.

Ask 2,000 Tons of Wheat Be Sent India

The Commission on Christian Social Relations at its February meeting adopted a resolution favoring the gift of 2,000,000 tons of wheat to relieve the threatened famine in India.

A committee consisting of the Rev. Charles T. Bridgeman, chairman of the Commission, the Hon. Paxton Blair, ex-Justice of the Supreme Court of the State of New York, and the Rev. Arthur C. Moore, vicar of St. Luke's, Edgecombe Avenue, drafted a letter which was sent to the two United States Senators from New York and the fifteen Members of Congress whose districts lie within the Diocese.

They urged that the gift should be "dispatched promptly; and to be made in a worthy spirit; it must not be delayed until we can exact a *quid pro quo*, of either a material or a political nature. Foreign policy is not brought nearer to success if its promotion is at the expense of the lives of innocent human beings."

The congressmen were urged to vote in favor of the proposal.

Diocesan Canterbury Clubs Meeting March 31 - April 1

On the weekend of March 31 and April 1st, the Canterbury Clubs of the Diocese will hold a conference at the Synod House to organize the Diocesan Student Commission to the newly-formed National Canterbury Association, and to elect two members from the delegates to serve on the Provincial Student Commission.

The program is being planned by a committee consisting of Miss Adelaide D. Simpson, associate professor of Classics at Hunter College; Miss Katharine Duffield, provincial secretary for college work; John B. Morris, senior at Columbia University, and chairman of the Provisional Executive Student Council of the National Canterbury Association; and the Rev. Norman Spicer, chaplain to college students in the Diocese.

Bishop Tells Church Club of Social Study Now Being Conducted

The Bishop was honored Feb. 5 at the 64th annual dinner of the Church Club at the Waldorf-Astoria. He took the occasion to describe the "social research" study now being conducted in Manhattan, the Bronx, and lower Westchester.

The Bishop described one of the major purposes of the survey as locating for evangelism efforts groups "not traditionally associated with the Episcopal Church," he said it would make the Church more effective in adjusting to changing neighborhoods and in accommodating to shifting racial and national groups in a community.

Noting that much Church support in the past has been the work of a few wealthy individuals, the Bishop said that today the future of the Church depends upon broadening the base of givers so that many more participate more fully in the support of the Church. He recommended "the Biblical principle of tithing", saying the time has come when the Church must "courageously hold before its people real standards of giving" and command a "priority on our giving."

Turning to the Church's world-wide outlook, the Bishop warned, "We must make a careful distinction between the Reds and the people of Russia. We oppose the system," he said, "but not the people."

At dinner, Bishop Boynton said the invocation. Douglas M. Moffat, president of the club, presided. Federal Judge Harold R. Medina shared the speakers' platform with the Bishop and told how prayer gave him strength to continue with the long and arduous court procedures during the trial of the eleven Communist leaders.

"Christian Doctrine of Man" Set As Theme of Spring Youth Rallies

"The Christian Doctrine of Man" has been selected by the Diocesan Youth Council as the theme for the Spring Youth Convocation Meetings. This suggestion is from the young people themselves. The idea is to give some basic Christian thinking to the young people on which they can base their philosophy in the present international conflict. They are fully aware of the vital part they are being called to play in it. Naturally, the Communist doctrine of man will be contrasted with Christian doctrine.

A box supper and informal recreation and fellowship are features of each of the semi-annual convocational meetings.

Appeal to Diocesan Youth to Help Finish Bishop Gilbert Field House

A letter has been mailed recently to the leaders of the youth of the Diocese appealing for further help in raising funds to complete The Bishop Gilbert Field House at St. Peter's School. Leeming, headmaster of the school.

Groups planning to come from a particular parish are asked to notify the headmaster so that tea may be provided. "Peekskill is handy to get to from almost any part of the Diocese and such a trip is a pleasant one for a Sunday afternoon," said the headmaster.

The amount needed to complete the building is \$12,000. The total spent to date and given by people of the Diocese is \$18,000.
