The Global Mission Commission of the Episcopal Diocese of New York presents the

9th Global Mission Fair
Saturday, October 11, 2025

VOICES OF HOPE:
Ambassadors of Reconciliation

Join us for a day of connection and conversation as we bring together individuals from across the Diocese of New York to explore Global Mission and Global Partnerships. Through engaging presentations, thoughtful dialogue, and meaningful fellowship, we will deepen our understanding of our shared calling within the worldwide Anglican Communion.

Keynote speaker: Amu Mudenda

Amu Mudenda is a public health practitioner with experience in malaria elimination, advocacy, and strategic coordination. He works in the Diocese of Lusaka and plays a pivotal role in Zambia's National Malaria Elimination Program. As the Regional Coordinator for Faith Leader Advocacy for Malaria Elimination (FLAME) - Secretariat, Amu has guided a strong coalition of faith leaders spanning Christian, Islamic, Hindu and Bahai communities, supporting the existing FLAME secretariats in Angola, Namibia, and Zambia, and currently supporting the establishment of new FLAME secretariats in Mozambique, Zimbabwe, Malawi, and parts of the Democratic Republic of Congo. He is passionate that malaria interventions be equitable and has supported Zambia's End Malaria Council's Launch in resource mobilization and strategic engagement.
